Resolution of Science Committee

Resolved that:

- (1) A course in Biology be made available to students in the junior division of the Faculty of Arts and Science.
- (2) That the proposed course be available as a Science option in Group C for Arts and Science students.
- (3) That students in Science wishing to fulfil the requirements for admission to Honours courses by taking two full years of Mathematics, Physics and Chemistry be permitted to elect the course in Biology in lieu of a language.
